

## INSTRUCTION

The curriculum and instructional program of the division's schools shall be under constant evaluation. The superintendent shall organize and maintain a systematic study and evaluation of these programs in the light of the latest educational knowledge and the aims of the division. He shall report to the board, at the board's request, the progress of such evaluation and the needs of programs in order to achieve better education for the youth of Lynchburg.

Adopted by School Board: June 19, 1973
