

STUDENTS

A. Generally

Good student conduct on school buses is essential. Bus drivers cannot be expected to drive properly and be constantly correcting students for improper behavior. Students who misbehave will be referred to school administrators by the bus drivers and the students will be subject to the entire scope of school discipline plus potential temporary or permanent suspension of bus riding privileges.

B. Eligible Riders

Only those students specifically assigned to ride the bus may do so.

C. Smoking on School Buses

Smoking on school buses is prohibited. All students caught smoking will be referred to the school principal for proper disciplinary action.

Approved by Superintendent: August 4, 1981
