# Attendance for Virtual Virginia (grades 6-12 only)

If your student takes a course in Virtual Virginia, please be sure to review the updated attendance requirements that were sent to your parent email on record. Updates include:

- Students are required to access their asynchronous content Monday through Friday, excluding holidays.
- Students are required to attend synchronous instruction settings or, if unable to attend the synchronous session, watch the session in the Course Video Library.
- If a student does not log into their Virtual Virginia account for four consecutive instructional days, they will receive a “no login or activity” warning message.
- After a second period of 4 consecutive instructional days of no activity, the student will be withdrawn from the course.

Please note: This is a Virtual Virginia update. Student attendance is still taken separately through the Virtual Academy processes that we have been using, including the daily check-in link for high school students and the daily attendance in homeroom for middle school students.

# Help is on the way!

Attention Middle and High School students! We are now able to provide TUTORING for interested students this fall.
